Figma
Git / Jira

experience

FOUNDERS AND CODERS   Jun 2020, - present London

▲ **Freelance Software Developer**

Working on social impact projects with charities. Recent work:

JUSTICE DEFENDERS   Aug 2020

A platform to facilitate access to legal training for prison inmates in Africa.

- Distributed as an **Electron desktop app** to ensure offline access to content.
- Serverless **React** app, using **Firebase NoSQL database** and storage.
- User journeys tested with **Cypress**.

○ *see code*

TEACH A MAN TO FISH   Jun 2020

An educational app to empower young people not in formal education in Asia.

- **Serverless React app** using Airtable as database that doubles up as a CMS.
- **Authentication** implemented with Netlify Identity.
- Designed and built following Agile workflow in a team of 4.

○ *see code*

▲ **Trainee Software Developer**   Mar - May 2020, London

Highly selective peer-led coding programme with strong focus on **full-stack JavaScript** in raw Node.js moving to React + Express + PostgreSQL apps.

🔗 *see all my projects*

previous career
